### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Majid AlBassam on September 13, 2007.

The application has been amended as follows:

In the claims

Claim 9: line 5, "substantially in-line" has been changed to --in communication with--.

Claim 14: line 12, --to guide air-- has been inserted after "rotor".

2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed May 29, 2007 are persuasive. Particularly, regarding claim 8, the examiner agrees with Applicant's arguments that the combination of Christian and Mackmann fails to disclose or suggest "an air passage for guiding air in an axial direction from one end of the reducer to another end is formed in an outer peripheral surface of the reducer casing", this in combination with the rest of the limitations in the claim. Regarding claim 17, the examiner agrees with Applicant's arguments that Christian fails to disclose or suggest that "mounting flanges that have a substantially circular plate shape and are capable of relative rotation with respect to the roller body

are provided at both end sections of the roller body, and ventilation passages are formed in the mounting flanges in the axial direction; these in combination with the rest of the limitation in the claim. It should be noted that the examiner equates "passages" to "channels".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Essama Omgba whose telephone number is (571) 272-4532. The examiner can normally be reached on M-F 9-6:30, 1st Friday off.
